

# Brooklyn Park - Osseo Sanitary Sewer Improvement Project

## Construction Update: January 2023

Issue 22

### Project look ahead

Welcome to 2023; our project team wishes you a restful start to the new year. The project site will remain quiet this winter with no anticipated impacts until spring. Final clean-up, miscellaneous work, final landscaping/seeding, and restoration will take place this spring 2023. We will provide more information in the coming months as warm weather approaches.

### Safety

Please keep your distance from any materials and equipment – only authorized personnel are permitted in our work areas. We want you and our crews to stay safe during construction and restoration.

### Contact us

Contact us with questions or concerns at any time during the project.
