

Lining update

Crews continue to line the maintenance structures and televise the sanitary sewer line along Wintergreen Street NW from Egret Boulevard NW to just south of the railroad tracks in Al Flynn Park.

Due to rain delays, installation of the maintenance structure linings will continue through the week of October 23.

Removal of the by-pass temporary conveyance piping is now anticipated to begin mid-November, following inspection of the newly lined sanitary sewer the week of October 30. Restoration will follow.

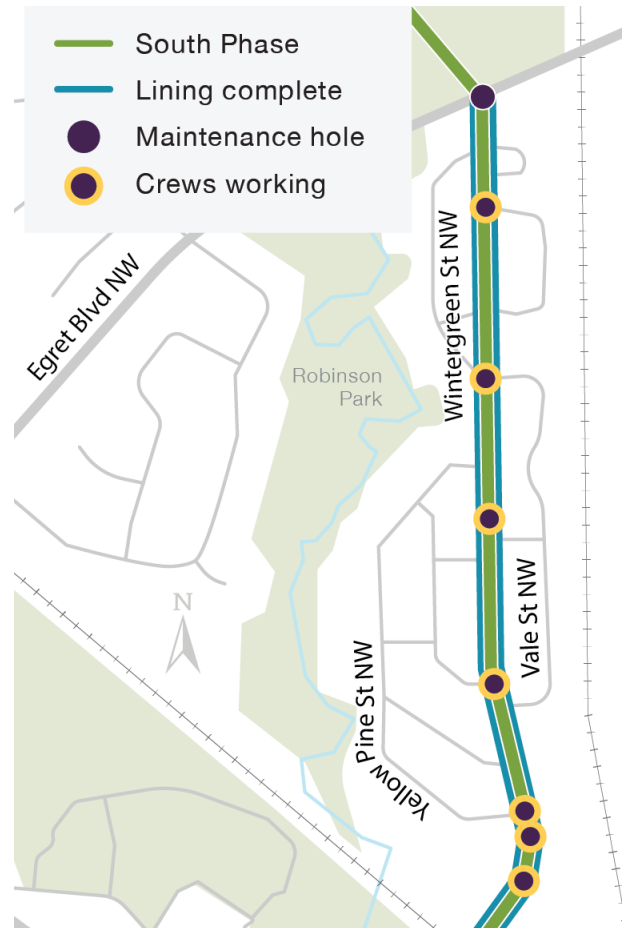

What to expect

Expect some resin and sewer odor as crews work near you.

Access will be maintained during this stage of the project.

Construction activities and schedules are subject to change due to weather and other unforeseen circumstances.
