

Lift Station Fuel Tank Replacement Project

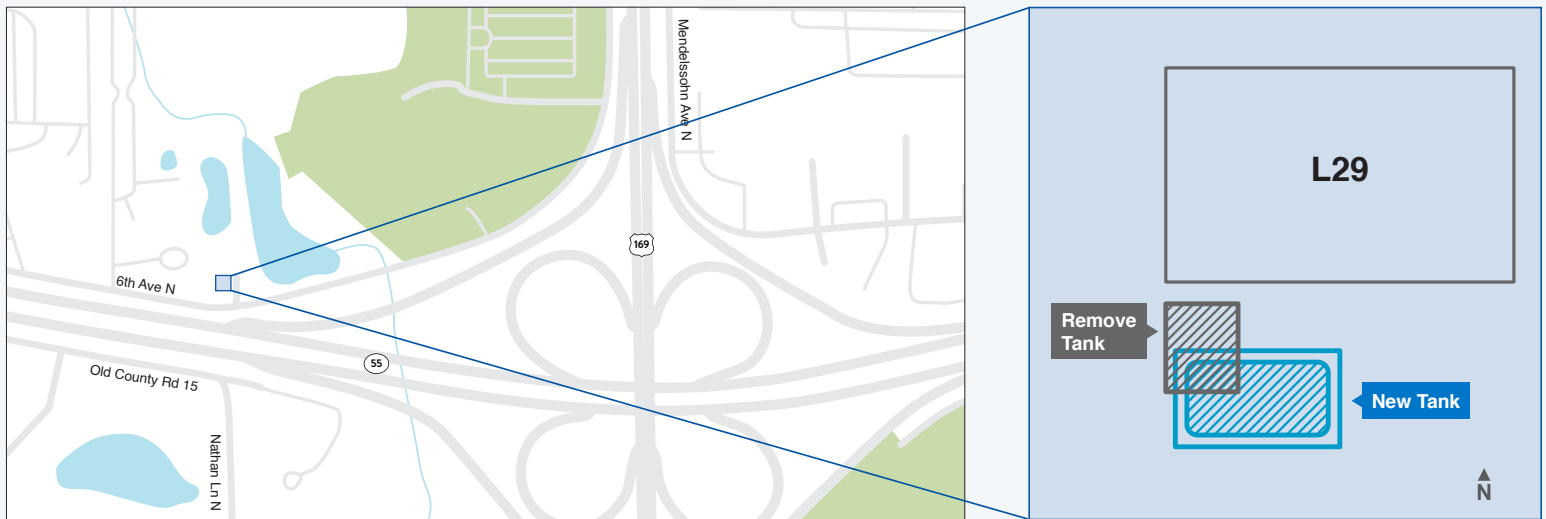

Project Overview

Metropolitan Council Environmental Services (MCES) is replacing diesel fuel tanks at five Lift Stations across the Twin Cities Metro. At each location, an existing underground fuel tank will be removed and replaced with a new above ground fuel tank. This improvement is needed to meet MPCA regulations and supply emergency fuel to the Lift Stations. The project will be completed Fall 2021. No major impacts are anticipated for surrounding areas. The five project locations include:

Lift Station 66 6220 125th Street, Savage, MN 55378

Lift Station 29 9900 State Hwy 55, Plymouth, MN 55441

Lift Station 44

3270 N Shore Drive, Orono, MN 55391

Lift Station 57

2861 Highway 55, Eagan, MN 55121

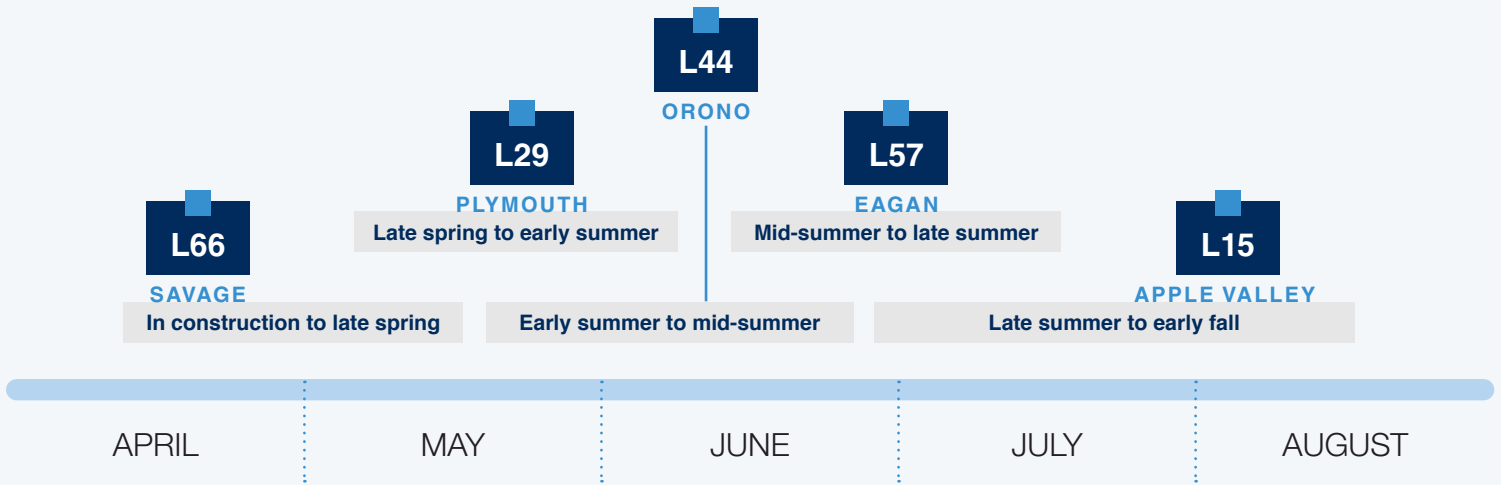

Lift Station 15

7465 160th St W, Apple Valley, MN 55124
