

Long Lake Interceptor Rehabilitation Project Update #10

June 20, 2023

All restoration work is complete and project equipment has been removed from the area. This is the last project update that will be sent out. If you have any additional questions about this project, please contact:

Jana Larson, Senior Outreach Coordinator

jana.larson@metc.state.mn.us

651-602-1424.

Thank you for your patience and cooperation while we made these important improvements!
