Short-term traffic delays on County Road 19 occur October 7

Drivers will experience short-term traffic delays between 7 a.m. and 6 p.m. Wednesday, October 7 while crews complete additional landscape restoration, final site cleanup, and other miscellaneous activities. These activities will occur on both shoulders of County Road 19. Flaggers will be on site to direct traffic around the work zone one direction at a time as needed.

Lift station work continues in Maple Plain

Crews are completing the installation of the new HVAC system and will soon begin replacing the duct work in the lift station.

Meter structure work is wrapping up in Independence

Crews are completing work at the new wastewater meter structure near the intersection of County Road 11 and Townline Road in Independence. Crews will finish painting the pipes (weather permitting), final landscape restoration and site cleanup, and other miscellaneous activities.
Additional project information
More information is available on our project website (including our virtual presentation) at: metrocouncil.org/sewerconstruction/medina.

Construction activities and schedules are subject to change due to weather and other unforeseen circumstances.

Crews are bringing in materials to install the fan for the new HVAC system
