

2nd Street Sewer Repair Project

January 4, 2022

Construction on the sanitary sewer pipe is complete

Good news! Crews have finished rehabilitating the sanitary sewer underneath 2nd Street N. between 16th Avenue N. and 8th Avenue N. in the city of Minneapolis.

Please be aware that you may notice some construction staff onsite through spring 2022 to complete a few miscellaneous construction tasks and continue monitoring restoration. We thank you for your patience this past construction season while we upgraded the sanitary sewer.
