

MEI Rehabilitation

April 7, 2022

Main Street reopens by Friday, April 8

Crews have completed rehabilitation work on the MEI system near Main Street and 2nd Avenue. Parking along Main Street is now available, and the road will be open to traffic by 6 p.m. on Friday, April 8. Some site restoration work will periodically continue through May, like paving the trail along the Mississippi River.

Long-term closure of 2nd Street SE begins mid-to-late April

Crews will soon begin rehabilitation on the MEI system along 2nd Street between the I-35W and 10th Avenue overpasses. This work will require a five-month closure of 2nd Street in the project work area. More information will be available closer to when the work begins, please check our future email updates.

Construction activities and schedules are subject to change due to weather and other unforeseen circumstances
