

## Sewer lining work at Marshall Street has begun

Crews have begun installing the liner for the sewer structures under Marshall Street. The work at the intersection of Marshall Street and 22nd Avenue in Minneapolis is anticipated to be completed and the road reopened by the end of February.

### **Business and local access reminder**

Access to businesses along Marshall Street between Lowry Avenue and Broadway Street remains open.

Access to driveways off Marshall Street between 22nd and 23rd Avenues remains open. Residents off 22nd Street should access their homes using Grand Street. There may be periodic delays while crews move equipment and materials in the area.

*Crew members install liner under Marshall Street.*

## Otis Avenue & Pelham Boulevard

Crews continue to work intermittently inside the sewer structure near Otis Avenue and Pelham Boulevard in St Paul through the winter. No traffic impacts are expected.

*Construction activities and schedules are subject to change due to weather and other unforeseen circumstances.*
