

Marshall Street work continues through December

Crews continue to work on the sanitary sewer structures under Marshall Street at the 22nd Avenue intersection. Due to material delays, work will continue through December.

Business and local access reminder

Access to businesses along Marshall Street between Lowry Avenue and Broadway Street remain open.

Access to driveways off Marshall Street between 22nd and 23rd Avenues remain open. Residents off 22nd Street should access their homes using Grand Street. There may be periodic delays while crews move equipment and materials in the area.

Other projects in the area

CenterPoint Energy continues making improvements to their pipelines in the area. Their work will require other nearby road closures. You can visit their [project website](#) for more information or call 612-321-6369. They can also be reached by email at csv.constructionservices@centerpointenergy.com

Otis Avenue & Pelham Boulevard – St. Paul

Due to weather, the roof replacement at this site has been rescheduled to begin spring 2023. Expect to see crews working near Otis Avenue and Pelham Boulevard intermittently this winter as they perform work inside the structure. No traffic impacts are expected.

Construction activities and schedules are subject to change due to weather and other unforeseen circumstances
