Randolph Street and 27th Avenue intersection restrictions begin the week of October 18

Crews will soon finish cleaning the sanitary sewer pipe under Marshall Street and Randolph Street from 28th Avenue to 27th Avenue. Crews anticipate moving to the 27th Avenue and Randolph Street intersection mid-to-late week the week of October 18. Crews will work in the center of 27th Avenue through the Randolph Street intersection to continue cleaning the pipe down to 22nd Avenue (see map).

Bicyclists and motorists will share a single lane in each direction around the work zone on 27th Avenue. Drivers, bicyclists, and pedestrians will be able to cross 27th Avenue at the March Street and Grand Street intersections.

Residential access
Driveways and the alleyway off 27th Avenue will remain open to residents in this area. Residents off 27th Avenue between Marshall Street and Grand Street will need to access their homes from Marshall Street, Grand Street, or the alleyway from 28th Avenue or 26th Avenue.

Construction activities and schedules are subject to change due to weather and other unforeseen circumstances.
Cleaning will occur Monday through Friday between 7 a.m. and 7 p.m. and may include some Saturdays between 7 a.m. and 3:30 p.m. This work is estimated to be completed at the end of October, but is dependent on weather and other factors, like how much debris is in the sewer pipe.

**Rehabilitation work continues near Marshall Street and 22nd Avenue**

Crews continue working on rehabilitating the sewer pipes and structures near 22nd Avenue and Marshall Street. 22nd Avenue remains closed to through traffic between Marshall Street and Grand Street (see map).

**Residential access**

Residents off 22nd Avenue between Marshall Street and Grand Street will need to access their homes from Grand Street or access the alleyway from 23rd Avenue. No access will be available from Marshall Street to 22nd Avenue.

**Other road and sidewalk impacts**

There are temporary parking impacts along the east side of Marshall Street and on 22nd Avenue between Marshall Street and California Street.

Sidewalk closures may be necessary to complete this work. Pedestrians should watch for any posted detour signs around the work areas.

**Local access and traffic detour routes**

Local access will be maintained to properties with driveways off 22nd Avenue. Traffic will be detoured around the work area using Grand Street and 23rd Avenue (see map).
