

# Minnehaha Park Area Regional Sewer Improvements Project

July 8, 2021

## Activities through July

- Cleaning of the large diameter sewer pipes from the north side of Godfrey Parkway to the Minnehaha roundabout and down to the E 50th Street and Hiawatha Avenue intersection. Crews will continue working Saturdays from 7 a.m. to 3:30 p.m. at multiple site locations as needed. This work is estimated to be completed at the end of August, but is dependent on weather and other factors, like how much debris is in the sewer pipes.
- Restoration activities have begun at the emergency relief access structure and where the temporary wastewater conveyance pipes were located. Sidewalk, pedestrian/bicycle trail and road crossing restorations are also in progress.

### Safety reminder

Trail users, for your safety, please remember to follow any posted detour signs and do not cross the fenced off areas.

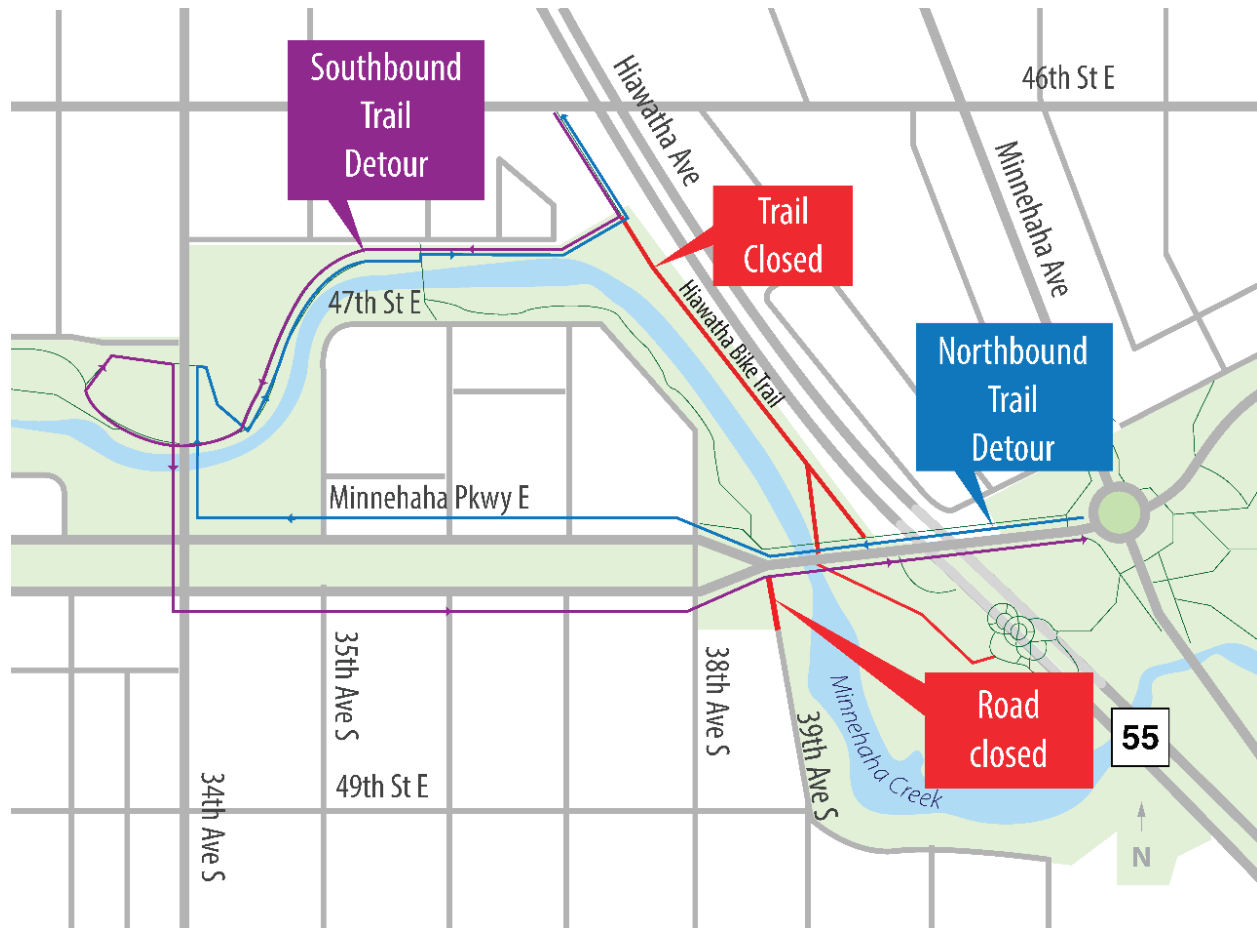

### Ongoing project road and trail closures/restrictions

- The intersection of 39th Avenue and E Minnehaha Parkway remains closed through July 2021 (see map on next page).
- Hiawatha Bicycle Trail between Minnehaha Creek Trail and Minnehaha Parkway remains closed through July 2021 (see map on next page).
  - Bicyclists should continue to follow the posted detour route using Minnehaha Creek Trail, 34th Avenue S, and E Minnehaha Parkway.

*Construction activities and schedules are subject to change due to weather and other unforeseen circumstances.*

*See below for more information*
