

# Minnetrista Sewer Improvements

August 8, 2024

## Recent activities at the lift station in Minnetrista

Crews have demolished the existing lift station, located near the intersection of Highway 7 and Highland Road, and have begun building the new lift station. After the exterior of the new building is completed in early fall, crews will begin working on the interior.

### Upcoming traffic impacts anticipated on Highland Road

Curb and gutter will be installed along Highland Road between Highway 7 and the Six Mile Creek Bridge later this summer/fall. This work may require lane closures or a full closure of Highland Road. More details will be provided in future email updates.

### Safety advisory:

Travelers should pay extra attention as crews will be moving equipment and materials around the area.

*Construction activities and schedules are subject to change due to weather and other unforeseen circumstances*
