

## Crews continue working on the underground structures in Victoria

Crews have installed two large underground structures south of Highway 5 near Victoria Drive/County Road 11 and near the Lake Minnetonka LRT Regional Trail. Over the next few weeks crews will be working inside the structures installing fittings and connecting pipes.

## Ongoing activities continue at the lift station in Minnetrista

Crews completed installing the hydrant and water pipes at the lift station located near the intersection of Highway 7 and Highland Road in Minnetrista. Crews will be working on filling the trenches and grading the soils in the area.

### Projects near the project

Northern Natural Gas is upgrading their utilities adjacent to the lift station in Minnetrista. Activities are anticipated to continue for the next few weeks.

### Safety advisory:

Travelers should pay extra attention as crews will be moving equipment and materials around the area.

*Construction activities and schedules are subject to change due to weather and other unforeseen circumstances*
