Crews will continue to start work at 6 a.m. and work on Saturdays as needed to help the project stay on schedule.

**Activities for the week of November 11**

**CR 44 between Halstead Ln and Sinclair Rd:**
- Site clean up and winter stabilization activities continue.

**CR 44 between Sinclair Rd and the Halstead Bay Bridge:**
- Crews will continue installing underground utilities between the bridge working north towards Sinclair Rd. There will be short-term road restrictions at intersections and driveways along CR 44 while crews bury the pipe.
- Crews will begin installing storm sewer structures between Sinclair Rd and the Halstead Bay Bridge. There will be short-term road restrictions and lane closures on CR 44. Staff will be on site and will help coordinate access as needed during this work.

**CR 44 between the Halstead Bay Bridge and Shady Ln:**
- Crews will be rebuilding the road to gravel from Eagle Bluff Rd moving north towards Sinclair Rd. There will be daytime road closures at driveways and intersections along CR 44 while crews bury the pipe. Residents will be notified in advance and staff will be on site to help coordinate access.
- Weather permitting, crews will begin paving on CR 44 between the Halstead Bay Bridge and Hardscrabble Cir. This work will take 1-2 days to complete and will require lane closures on CR 44; flaggers will direct traffic around the work as needed. There will be periodic short-term delays from 7 a.m. to 6 p.m. while crews are working. Staff on site will help coordinate access during the work.
- Crews will complete installation of the storm sewer structures between the Halstead Bay Bridge and Pine Cir. There will be short-term road restrictions and lane closures on CR 44. Staff will be on site and will help coordinate access as needed during this work.

**Emergency Access**

Emergency service providers are updated daily regarding access routes during construction. Our crews on site will also be available to provide access assistance as needed.

*If you live in the construction zone, please remember to drive slowly and give yourself extra travel time in case there are delays due to lane closures or equipment being moved.*

*Construction activities are subject to change due to weather, schedule, and unforeseen impacts.*
