

IMPROVEMENTS CONSTRUCTION UPDATE

Crews have completed testing and televising the pipe along North Shore Drive. During the next couple weeks project staff will use the test results to assess the reliability of the pipe and design any needed repairs. Design should be complete by the end of the month.

Reminder: Please take extra care when driving through the construction zone. Thanks again for your continued patience.

Business access along North Shore Drive remains open

You can access the business on North Shore Drive between Shadywood Road and Shoreline Drive from the west. Please follow the posted detour signs if you are coming from the east.
