Dale Street Site
Crews will be repaving the trail in Villa Park on the west side of Dale St. between County Rd. B and Sandhurst Dr. in mid to late September. During this time, the trail will be temporarily closed for approximately three days while crews complete the paving work. They will also be repaving the temporary conveyance crossing on County Road B, west of Dale St.

Avon Street, Galtier Street, and Troseth Road Sites
Construction has been completed at these three sites. The project team will continue to monitor the progress of vegetative growth at areas that have been seeded. Some areas may need to be re-seeded in September, as needed, before final acceptance is achieved.
