

SNAIL LAKE SEWER REHABILITATION UPDATE

TRAIL CLOSURES BEGIN MARCH 10

Construction of the sewer improvements is planned to begin on Monday, March 10. At this time, portions of the trail in Snail Lake Regional Park will close through July 2025, so crews can safely access the sewer manholes. This week, you can expect to see crews completing preparation work in the project area.

If you have any questions or concerns, don't hesitate to call the project hotline or send us an email.

Thank you for your patience and cooperation as we construct these important improvements!
