

Vadnais Heights Area Regional Sewer Improvements Project

AUGUST 9, 2019 CONSTRUCTION UPDATE

(dates are approximate and dependent on weather/construction conditions)

Construction Update

Work Near Highway 61 & I-694

Crews are working on the new underground meter station at the end of County Road D Court. We anticipate this work will be complete this summer. Restoration, including road paving, will occur in this area after the meter station work is complete. Our project team will coordinate with local businesses prior to starting this paving work.

Work Near Highway 36 & Highway 61

Road paving is tentatively scheduled for the week of August 12. Our project team will coordinate with local businesses prior to starting this paving work. During this time, there will be temporary, intermittent lane closures in the area and flaggers will be directing traffic.

Please drive slowly through the construction area and be aware of your surroundings. We want you and our crews to stay safe during construction.

Who Should You Contact?
