

Vadnais Heights Area Regional Sewer Improvements Project

February 25, 2019 CONSTRUCTION UPDATE

(dates are approximate and dependent on weather/construction conditions)

Construction Update

Work Near Highway 61 & I-694

Crews will continue working on the new underground meter station just south of I-694, near Hwy 61. We anticipate the meter station construction will be complete by the end of March. Restoration work in this area will occur in spring, weather dependent.

Beginning in early March, crews will begin work on the new underground meter station at the end of County Rd. D Court. During this time, nearby businesses will see construction crews, equipment, and materials accessing the area. We anticipate this work will be complete this summer.

Work Near Highway 36 & Highway 61

Some additional seeding restoration will occur in spring 2019.

Please keep your distance from any materials and equipment, especially our temporary conveyance pipes. Only authorized personnel are permitted in our work areas. We want you and our crews to stay safe during construction.

Who Should You Contact?
