The blue table will be updated with the new contact person.

To edit: Click on the “**edit**” symbol (far left column) in the row of the respective person who's contact information needs to be updated. The page will display a pop up window for you to enter in the updated information. The required fields of information are denoted with a **red** asterisk. Then click the “**Save**” button.

Name Change: If the person listed has a change in their name or you need to make a correction to the spelling of the name the form will not allow you to make the change. To make the correction, enter in the correct name in the box provided. Please also include a reason for the name correction.

To save the record, click on the “**Save**” button.

The blue table will be updated with the information that was provided in the pop-up window.

Answer questions **1** and **2** (question below the blue table) by selecting the appropriate radio button. Depending on the selection, the system may require you to add more information. The required fields are denoted with a **red** asterisk (*).

Step 2: Operations

1. Number of employees per shift

Enter in the number of employees for each shift in the fields provided. Add/update the times for each shift.

B. Operations:

1. Number of Employees per Shift:

No. of Employees in 1st Shift: From To

No. of Employees in 2nd Shift: From To

No. of Employees in 3rd Shift: From To

2. Hours of Operation

To add: Click on the **yellow** “Add New Record” button and an empty row of the table will appear for you to enter information.

	Day of Week	Start Time	End Time

To edit: Click on the pencil and paper icon in the row you want to correct. This opens up the principal products window. Make the necessary changes and click on **Save** button.

Note: Only one row of the table can be edited at a time.

		Status	Principal Product Name	Quantity	Unit
			Plated Parts	1000	pieces
			Heat Treated Parts	50	Lbs/Day

Add New Record

To remove: If the product is no longer made at the facility, please change the status from active to inactive by clicking on the **green** check mark button in the status column of the table. This will change the status to a **red** “X”.

Answer questions **4** through **7** using the radio buttons provided. If any question is answered “Yes,” a field will be provided for you to enter an explanation. The explanation is a required field.

Step 4: Wastewater

1. Use the radio buttons to indicate the incoming water treatment that is used at the facility. More than one water treatment may apply to your facility. Please select all methods that are used. If you select “Other,” please define what other method is being used at the facility.

* 1. Please indicate any incoming water treatment (check all that apply): ☐ None ☐ Water Softener ☐ Reverse Osmosis ☐ De-ionization ☒ Other

* Please define Other:

2. Use the radio button to answer the question. If the facility has a reject waste stream, such as back wash from a water softener, check “Yes.” The form will update and provide a box for you to enter the total volume of the reject waste stream discharged to the sanitary sewer. Enter the value in the box provided (gallons per year).

3. Chemicals added to re-circulating cooling water and/or boiler makeup water

To add: Click on the **yellow** “Add New Record” button.

	Chemical Added	System Being Treated	Chemical Make-Up	Gallons Used Per Year
 	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Add New Record

In the row, enter the name of the chemical added, the system being treated, chemical make-up and the number of gallons used per year. Then click on the **green** check mark to complete editing.

To edit: Click on the “**edit**” symbol in the far left column of the table next the respective row. Make the necessary changes and click on the **green** check mark to complete editing.

Note: Only one row of the table can be edited at a time.

Step 6: Public Information Policy

Read the statement about the public information policy.

Step 7: Process Flow Schematic(s)

You may request that the process flow schematic be classified as confidential if you consider the specific information to be “trade secret information” as defined by the Minnesota Government Data Practices Act (Minnesota Statutes § 13.37).

Answer the question using the radio buttons provided.

If “**Yes**” is selected, you’ll need to submit a Confidential Business Information Request Form and the process flow schematic. Both of these will need to be submitted via a secure method. See Attachment section for more information on the request process.

If “**No**” is selected, you will either mail or attach the process flow schematic to this submission.

Step 8: General Comments

If you have any comments about the information provided, please enter the comments in the field provided.

Then click on the “**Save**” button before clicking on the “**Next**” button.

2. Attachment

The Attachment page allows you to select a method of attaching supporting documents for the **Permit Renewal Application**.

The attachment list for the Standard Discharge Permit is:

- Categorical Parameter Waiver Application (Optional)
- Certification of Signatory Authority Form
- Facility Diagrams
- List of Chemicals Stored in Quantities Greater than 5 Gallons (Optional)
- List of Equipment or Processes that Use Non-Contact Cooling Water (Optional)
- Process Flow Schematics
- Raw Materials
- Spill Control Plan (only for Significant Industrial Users)
- Supporting Documents (Optional)
- TTO Management Plan (only required for facility's subject to the Metal Finishing/Electroplating pretreatment standard)

More than one document can be uploaded to each attachment type.

Not all document types are "Required." You do not have to select a radio button for attachments that are "Optional."

To the right of each attachment type is a radio button to select how the information will be submitted.

Editing a Completed Submittal – Request for Revision

Once you have made a submission, you will need to send a **Request for Revision** to the Metropolitan Council to make changes.

From the home page, hover over the “Submittal” tab and select “**Manage Submitted Cases.**”

The screenshot shows the MCES Industrial Online Reporting interface. The 'Submittal' tab is selected, and the 'Manage Submitted Cases' option is highlighted in the dropdown menu. The main table, titled 'Upcoming Submittal Obligations', lists 25 items. The table columns are: Facility, Submittal Type, Monitoring Point, Application Category, Monitoring Period, Due Date, Status, and Submit Date. The first few rows show various test types and their corresponding due dates and statuses.
