

Erratum to the Record of Decision on the Southwest Light Rail Transit Project (METRO Green Line Extension) by the Federal Transit Administration

August 2016

The Record of Decision published in July 2016 attributed Final EIS comment #19 to Tom Goodrum with Westwood Professional Services (see Attachment C of the Record of Decision). Subsequent to the publication of the Record of Decision, Mr. Goodrum contacted the Federal Transit Administration and Metropolitan Council and requested to be removed as the commenter, and noted that the comment should be attributed to Craig Oberlander of Redstone American Grill, Inc. This edit is issued on August 10, 2016 and informs the public of this change.
