To Whom It May Concern:

This letter serves to provide notice of Independent School District No. 283's concerns regarding the proposed routes for the Southwest Transitway LRT line. The St. Louis Park School Board recently reviewed the planned routes of the proposed Southwest Transitway LRT line and believes that there are several concerns that should be addressed during the Draft Environmental Impact Statement process that is underway.

The Board understands that some of the proposed routes of the SW Transitway LRT line may force additional freight train traffic onto the rail line that runs parallel to the south boundary of St. Louis Park Senior High School, located at 6435 West 33rd Street. The additional freight traffic in close proximity to the high school raises safety, noise and vibration impact concerns.

Frequent train traffic operating in the vicinity of our student population likely presents increased risks to both pedestrian and vehicular traffic. Two grade level street crossings currently exist at the southeast and southwest corners of the high school property, with the southeast crossing separating the high school from a McDonald's restaurant frequented by large numbers of our students.

Noise impact is the second concern raised by the proposed LRT lines. Currently, noise generated by trains that travel on this line disrupts the learning process. The close proximity of the high school to the Dakota Avenue crossing with no noise remediation causes distractions to both staff and students from the train travel and the associated horns. Increasing the frequency of these disruptions would compound the already unfavorable conditions.

Finally, although less immediately perceptible, vibration from heavy freight trains may cause damage to nearby structures including district-owned facilities as well as disruptions during the school day.

We appreciate the opportunity to add our input during the scoping process and would welcome a formal presentation by the Hennepin County Regional Railroad Authority to discuss these issues at a future St. Louis Park school board meeting.

Very truly yours,

Bruce Richardson
