Background

These master contracts are needed to support the 2023-2028 Authorized Capital Program. The Request for Proposals was issued on November 29, 2022. A pre-proposal meeting was hosted by Council staff that outlined the solicitation requirements, discussed project specifications, and responded to plan holder inquires. There were thirty-five registered plan holders, thirty consultants, three subcontractors, two plan rooms, and ten plan holders identified as minority,

woman, veteran, small, or disadvantaged business enterprises. The Council received eighteen proposals on January 11, 2023, to be evaluated for the consideration of award.

In accordance with the Brooks Act, the evaluation of proposals followed a two-step process. An evaluation panel of Council staff and external stakeholders ranked and selected the most technically qualified proposers. Following approval of the evaluation panel findings, conclusions, and recommendations, the cost proposals of the highest ranked proposers were reviewed by a negotiation panel that negotiated pricing and agreed that the final prices have been determined to be fair and reasonable and a consensus was reached that the proposals submitted by the referenced list of proposers are the most advantageous to the Council.

Rationale

The execution of architecture and engineering contracts exceeding \$500,000 require Council approval.

Thrive Lens Analysis

This action advances the Thrive Outcomes of Stewardship and Sustainability. Public financial resources will be responsibly invested to support orderly economic development while maintaining the regional wastewater system assets, which protect the region's natural resources.

Funding

Funding is provided in the 2023 Authorized Capital Program.

Small Business Inclusion

The Office of Equal Opportunity (OEEO) set a Disadvantaged Business Enterprise (DBE) goal of fifteen percent (15%). OEEO determined that all firms being recommended for award have met the DBE requirements of this contract.
