Proposed Action

That the Metropolitan Council adopt Resolution 2023-20 authorizing the acquisition and condemnation of real estate property for the Interceptor Rehab Project 6-MO-650, MCES Project No. 819022.

Background

Hennepin County is planning a road reconstruction project in summer 2025 along Shoreline Dr. in the City of Mound. MCES Interceptor 6-MO-650 is located along Shoreline Dr. The forcemain section of the interceptor was built in 1963. Due to the age and material of the pipe, there were multiple breaks that occurred in the past (in 2014 and 2021). This section needs to be fixed before more breaks occur. Another section on the 6-MO-650 interceptor is on a gravity section along Auditors Rd. The pipe in this section shows condition rating 4.5 and has a sag of about 10-12 inches in the pipe crossing the Shoreline Dr. Both sites will need to be rehabilitated before Hennepin County's road reconstruction project to reduce the community impacts multiple times and to avoid construction on the newly built road.

Most of the repair work will be along the Hennepin County Road right-of-way; however, some portion of the work will happen on private properties, property owned by Hennepin County Railroad Authority (HCRAA), and on property owned by the Cities of Mound and Spring Park. There are existing utilities and utility easements in the corridor. Additional temporary construction easements, as well as new permanent easements will be needed to complete the work.

Rationale

Land acquisition is necessary for the implementation of this project. This action delegates authority to staff to acquire property for the project and to use the condemnation process if necessary to ensure timely project delivery.
