Corridor-wide Housing Strategy

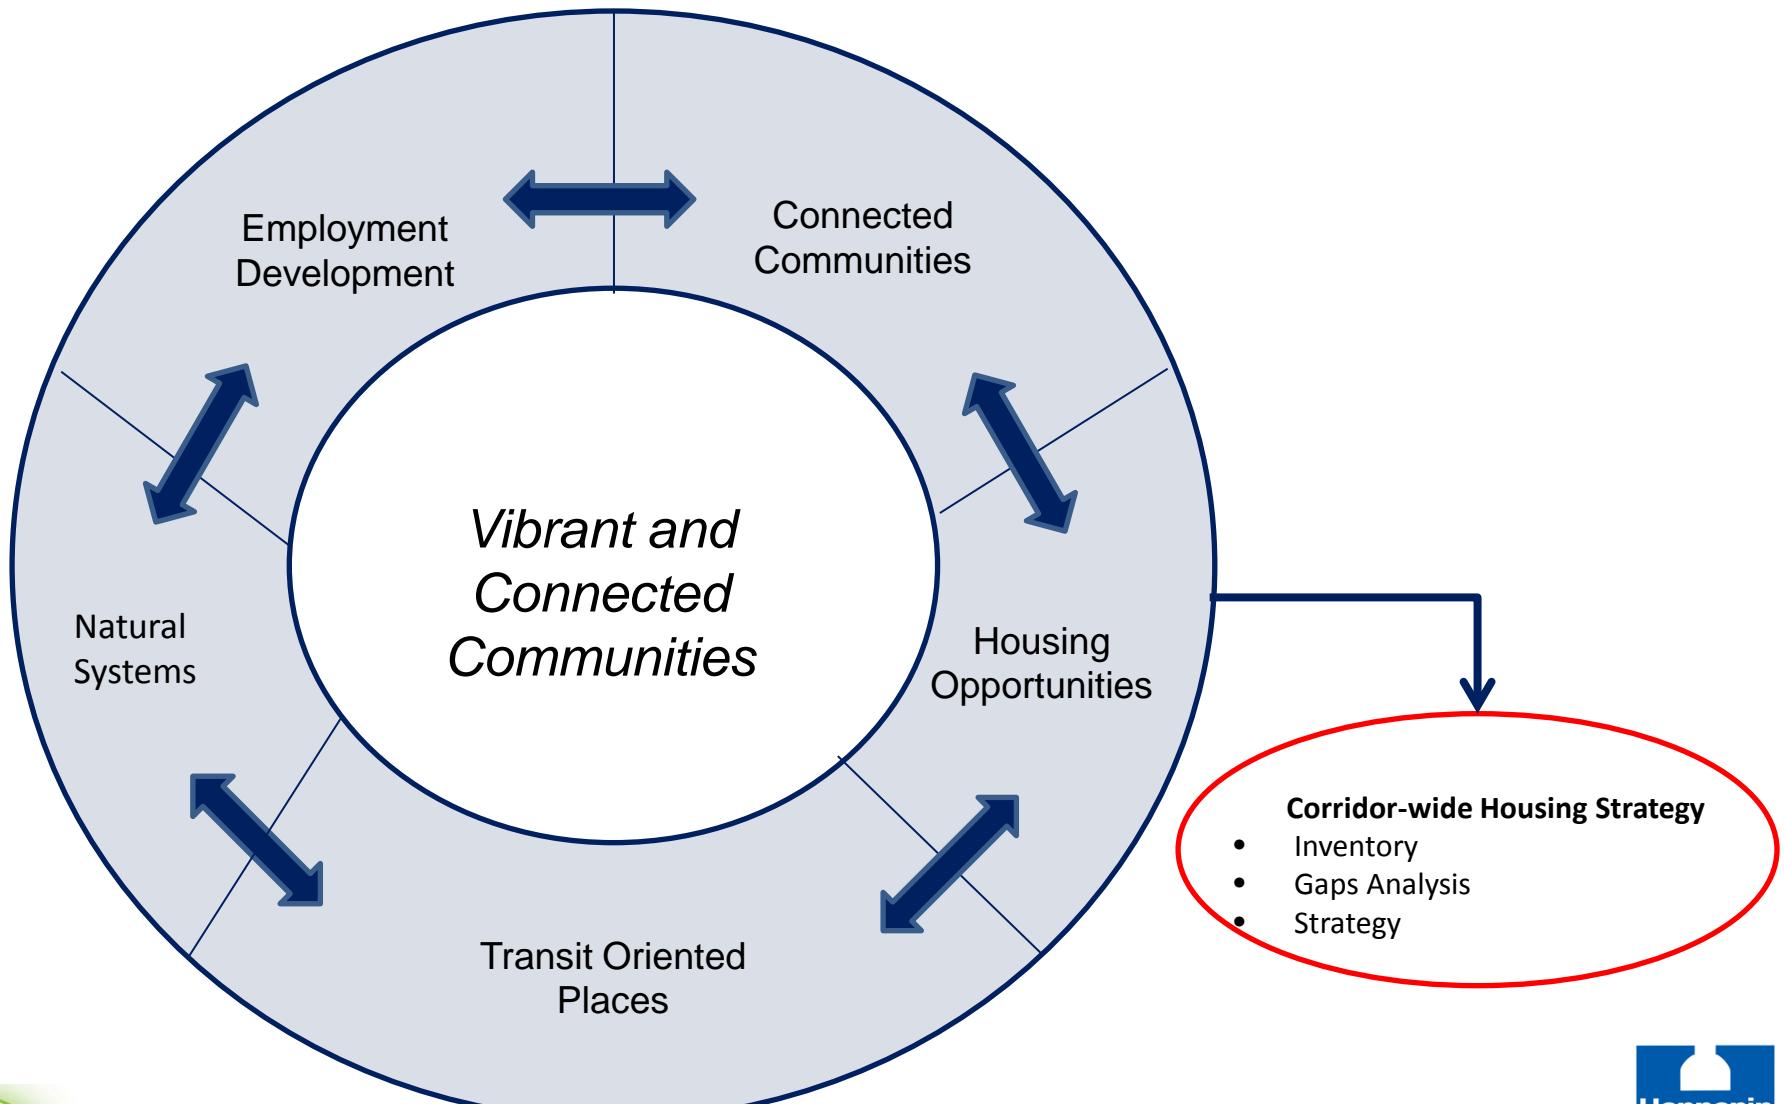

Southwest Corridor Community Advisory Committee

April 28, 2015

Kerri Pearce Ruch, Hennepin County

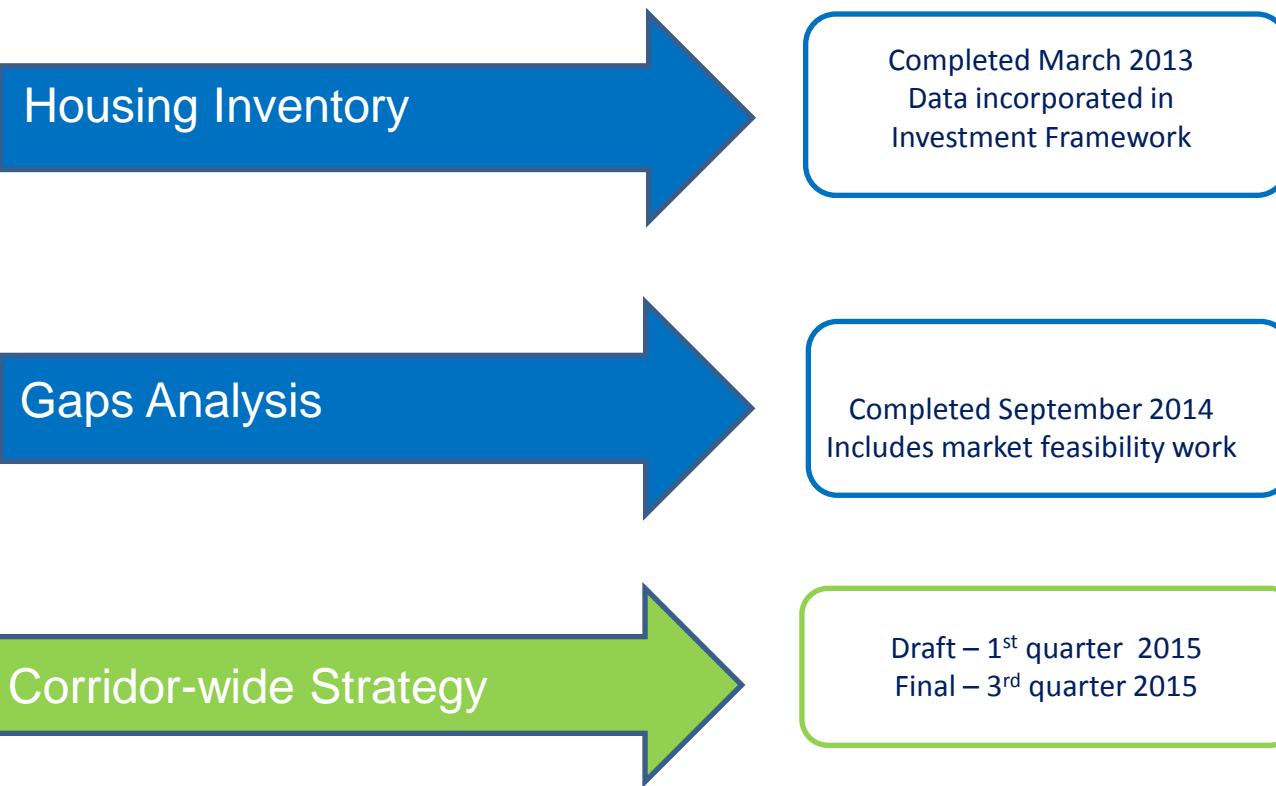

Southwest Community Works

Southwest Corridor-wide Housing Strategy Workplan

endorsed by Southwest Community Works Steering Committee, May 2012

Workplan Components

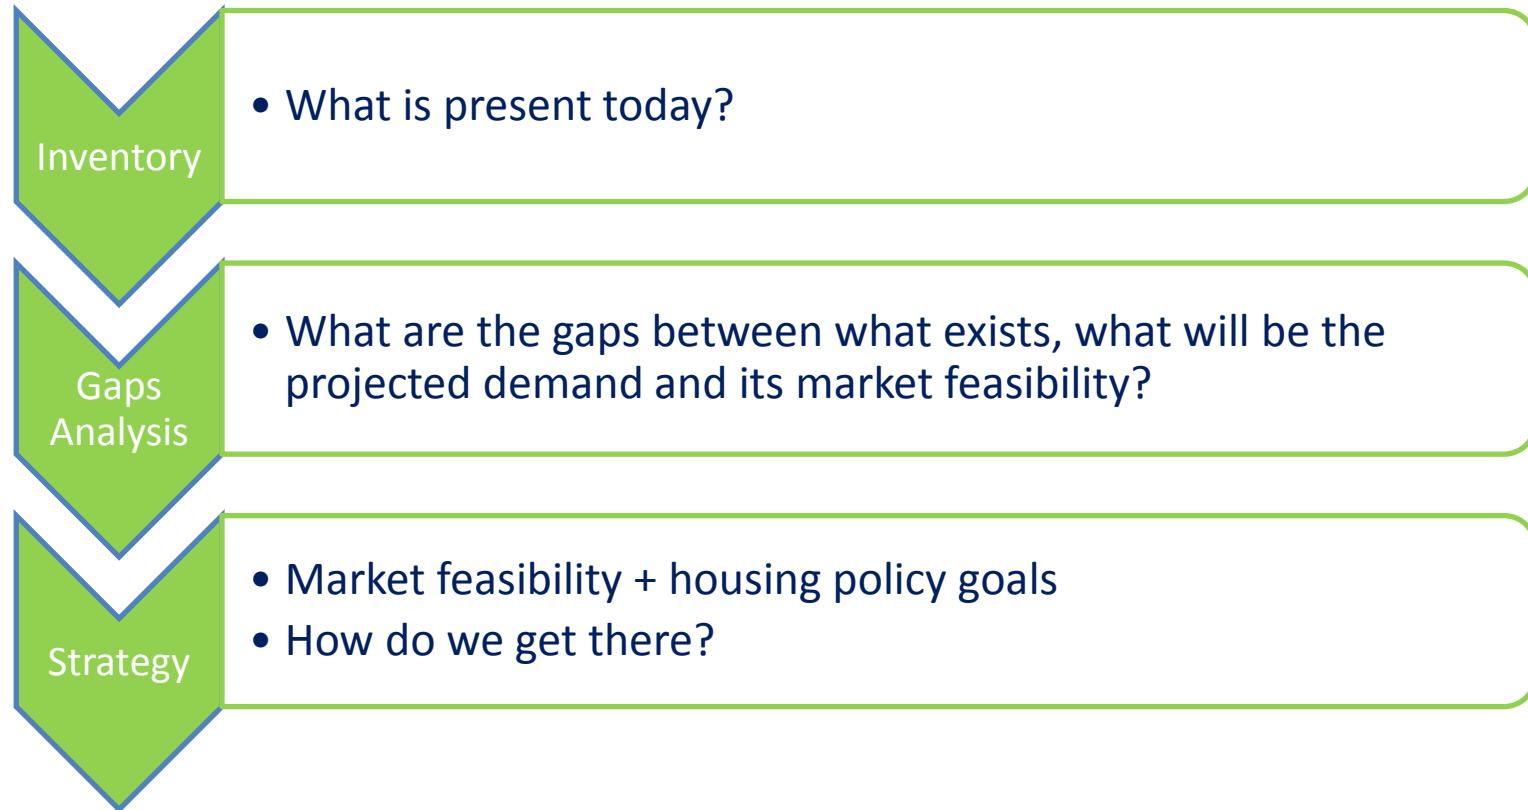

Housing Workgroup

- City of Eden Prairie*
- City of Edina*
- City of Hopkins*
- City of Minneapolis*
- City of Minnetonka*
- City of St. Louis Park*
- Family Housing Fund*
- Hennepin County*
- Metropolitan Council
- Minnesota Housing
- Southwest Project Office
- Twin Cities LISC*
- ULI-Minnesota

* Funding partners for the Southwest Corridor-wide Housing Gaps Analysis, 2014

Provide a full range of housing choices

Corridor-wide Collaboration

Successful collaboration creates shared benefits and enables cities to do more – better – together than they can do alone.

- Create and sustain healthy communities
- Provide lifecycle housing for existing residents
- Achieve individual city goals
- Leverage resources
- Increase economic competitiveness
- Provide consistency of approach
- Sustain and improve the Southwest LRT New Starts score

Corridor-wide Housing Goal:

Provide a full range of housing choices

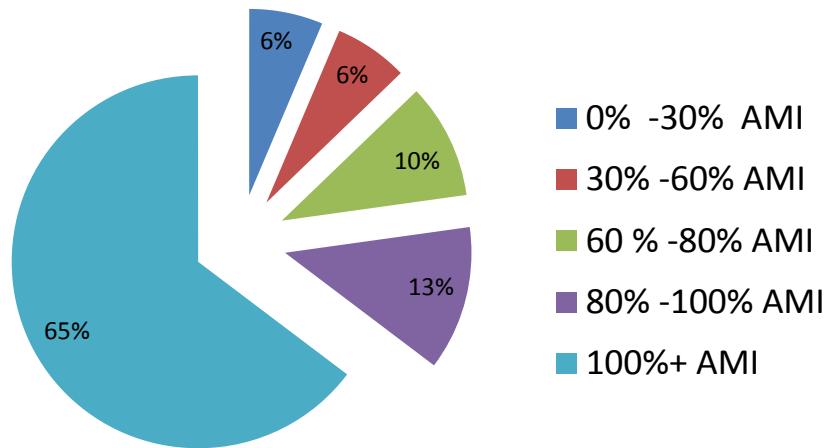

New Construction: Add 11, 200 new units within ½ mile of the Corridor, including 3520 that are affordable to lower (<60% AMI) to moderate income (60% - 80% AMI) households by 2030.

Preservation: Preserve 3800 unsubsidized affordable (<60% AMI) rental units by 2030, out of 6700 unsubsidized units within ½ mile of the Corridor.

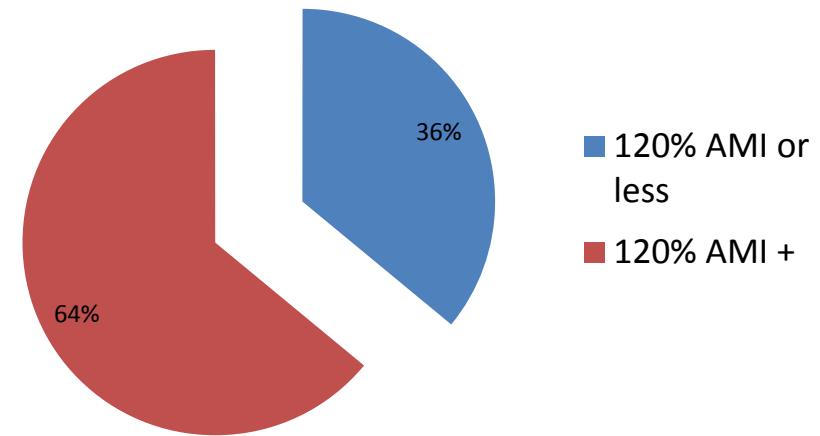

% of Area Median Income (AMI)	Median salary for a family of four (HUD, 2014)	Affordable monthly housing payment (30% of income)
30% AMI	\$24,850	\$621
60% AMI	\$49,740	\$1244
80% AMI	\$63,900	\$1598
100% AMI	\$82,833	\$2071
120% AMI	\$99,400	\$2485

Corridor-wide Affordability Targets

New Construction - Rental Affordability Targets

New Construction - Homeownership Affordability Targets

Targets are for new housing construction within $\frac{1}{2}$ mile of station areas. The target percentages are based on development scenarios outlined Southwest Corridor-wide Housing Gaps Analysis, 2014.

Corridor-wide Affordability Targets

- Respond to regional and federal funders
 - HUD Sustainable Communities Grant.
 - Corridors of Opportunity Transit Recipients need to address Fair and Affordable Housing
- Compete for FTA New Starts funding
- Align with Metropolitan Council Housing Policies
- Align development policies and resources throughout the corridor
- Track progress over time

Gallery Flats rendering, Downtown Hopkins Station

Corridor-wide Objectives

1) Develop of new housing opportunities

- mix of unit types with values and rents

2) Preserve existing housing opportunities

- existing subsidized and unsubsidized housing stock
- maintain opportunities to use Section 8 vouchers in corridor units.

3) Enhance resources: technical, financial and regulatory tools

- Utilize existing and develop new
- Modify regulatory tools

4) Market the Corridor - "Tell our Story to the World"

Pocket Neighborhood design

Mixed income townhomes

Corridor-wide Implementation Strategies

- Develop Coordinated Mixed Income (Inclusionary Housing) policy language
- Evaluate existing agreements (subsidized properties)
- Maintain and improve the quality of existing aging rental and ownership housing stock
- Leverage private and philanthropic investments locally, regionally and nationally, along the corridor through a TOD Housing Fund.

The Cliffs, Minnetonka

Naturally occurring affordable housing, St. Louis Park

Corridor-wide Implementation Strategies

United Health Group campus

- Engage large corridor employers in the preservation and production of housing for employees.
- Exploring the cost/benefits, mechanics and legislative authority for joint financing mechanisms.
- Provide marketing resources and expertise to promote the Corridor.
- Develop metrics to track progress.

City/County Implementation Strategies

- Develop and adopt a clear and consistent vision, goals and affordability targets for housing development within ½ mile of station areas.
- Maintain and enhance policies around station areas to promote increased density and a mix of uses.
- Implement infrastructure recommendations from the Investment Framework.

Action Steps

- Seek city/county support for the four key Corridor-wide Objectives
- Determine mix of unit types and affordability for the corridor
- Seek city goals for preservation and new construction at various affordability levels.
- Develop Housing Workgroup work plan to track progress.
- Engage regularly with policymakers and stakeholders.

Stakeholder Outreach

- 3-5 outreach meetings, co-hosted by cities, Community Works and stakeholder groups

Invitees:

- Equity stakeholders
- Funders
- Developers
- CAC/BAC

General public is welcome

Goals of outreach:

- Inform stakeholders
- Gather input
- Inform elected officials

2015 Corridor-wide Housing Strategy Activities

Questions/Discussion

Project Update

EDEN PRAIRIE | MINNETONKA | EDINA | HOPKINS | ST. LOUIS PARK | MINNEAPOLIS

Project Updates:

- Budget: Updated cost estimate above \$1.653 billion
- Schedule: Updated revenue service beyond 2019

Questions to be Addressed:

- What are the primary reasons for the cost estimate increase?
- What are the primary reasons for the schedule delay?

Updated Project Budget Overview

- Updated cost estimate: \$1.994 billion
- Contributing factors include:
 - Refined design:
 - Environmental requirements (wetlands, floodplains)
 - Engineering requirements (soft soil conditions and contamination)
 - Operational and safety requirements (light rail, freight rail)
 - Identified additional property acquisitions and business relocations
 - Added retaining walls, bridges and connecting roads
 - Delayed revenue service date

Updated Project Budget

Budget Category (in \$ millions, Year of Expenditure)	Approved Budget 7/2014	Updated Est. 4/2015	Change
Construction Subtotal	\$881	\$1,088	\$207
Non Construction Subtotal	\$772	\$906	\$134
Total Project Costs	\$1,653	\$1,994	\$341
Additional Local Funding Needed	\$121	\$292	

Primary Cost Drivers: Construction

- Over 80% more required retaining wall area and associated piles, excavation
- Operations and Maintenance Facility:
 - Contaminated soils and vapor mitigation; additional light rail vehicle storage capacity
- Kenilworth tunnel foundation, waterproofing and systems/ventilation
- Operational and system requirements such as gates for train crossings, signals and interlockings

Primary Cost Drivers: Non Construction

- Established construction limits; identified additional 11 acres of property acquisition
 - 126 to 137 acres
- Confirmed building occupancy; increased relocations by 99
 - 47 to 146 relocations (43 are mini-storage units)
- Added 3 light rail vehicles to meet operational requirements
 - 29 to 32 vehicles
- Updated professional services
- Delayed revenue service date

Updated Project Schedule Overview

- Revised revenue service date 2020
- Contributing factors include:
 - Additional studies followed by more public meetings on study results
 - Extension of municipal consent process
 - Additional time to prepare the SDEIS to incorporate changes as a result of additional studies, tests and municipal consent
 - Addition of more detailed park impact analysis into the SDEIS

Updated Project Schedule

	Schedule as of 7/2014	Schedule as of 4/2015
Publish SDEIS	Nov 2014	May 2015
Publish FEIS and Issue ROD	Q4 2015	Q1/Q2 2016
Full Funding Grant Agmt.	Q3 2016	Q4 2016
Heavy Construction	2016-2018	2017-2019
Revenue Service Date	2019	2020

Summary of Station Design Open Houses/Discussion

EDEN PRAIRIE | MINNETONKA | EDINA | HOPKINS | ST. LOUIS PARK | MINNEAPOLIS

Minneapolis Open Houses

- PM: 45 attendees
- AM: 25 attendees
- Comments included:
 - Access to station
 - Seating not leaning rails
 - Safety
 - Minimize bell usage
 - Bike storage at stations

April 2 Open House

April 8 Open House

St. Louis Park Station Open House

- 60 attendees
- Comments included:
 - More seating at stations
 - Minimize sound
 - Radiant heating
 - Large displays for student's to display art work

April 8 Open House

Eden Prairie Open House

- 20 attendees
- Comments included:
 - Protection from wind
 - Location, use, sustainability, cost
 - More parking

Hopkins & Minnetonka Open House

- 90 attendees
- Comments included:
 - Like consistency in the stations
 - Temporary bike storage
 - Bus route from north Hopkins down 17th Ave to Shady Oak Station
 - Stop at Smetana

April 14 Open House

Connect the Park!

The City's 10-year plan to add sidewalks, trails, bike lanes and bikeways throughout the community

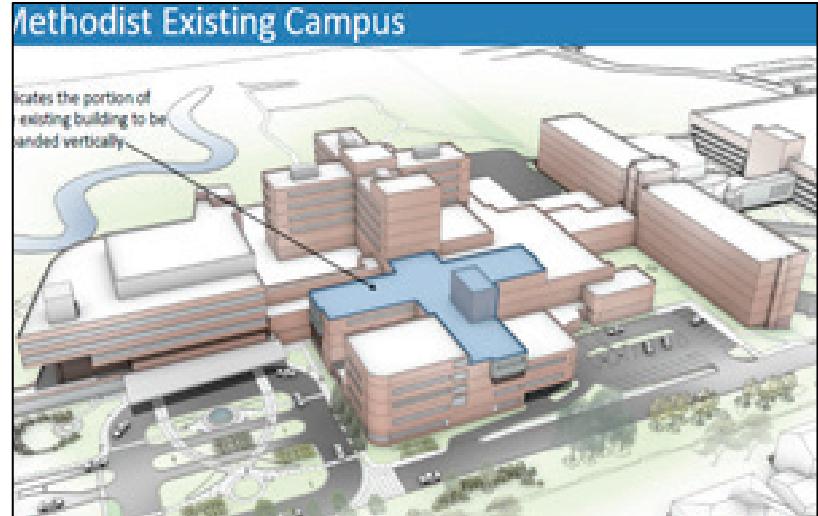

- *Develop an interconnected network of pedestrian and bicycle routes linked to transit systems, providing options to automobile dependence.*
 - Sidewalks every $\frac{1}{4}$ -mile
 - Bicycle facilities every $\frac{1}{2}$ -mile
 - Close gaps in neighborhoods' existing sidewalk networks
- *Estimated cost is \$24 million.*
