Business Advisory Committee
Accomplishments
BAC Accomplishments

• Formed August 2012
  ▪ 32 meetings
  ▪ 37 members

• Advised on:
  ▪ 23 Technical Issues including;
    – Freight Rail Co-location/Relocation
    – Operations and Maintenance Facility siting
    – Eden Prairie Alignment
  ▪ Hennepin County Community Works
    – Transitional Station Area Action Plans
    – Housing Strategy
  ▪ Scope/Cost Reduction
  ▪ Construction Outreach & Communication
Construction Outreach
Construction Outreach/Communication Plan

- Includes lessons learned/feedback from Blue and Green Lines
- Incorporates best practices from national, large-scale public works projects
- Developed in conjunction with SWLRT advisory committees
- Ensures clear, consistent project information throughout construction
- Describes methods/techniques to inform the public
- Includes metrics/evaluation
Construction Outreach/Communications

• Best practices:
  - Outreach coordinators
  - Construction information workgroups
  - 24-hour construction hotline
  - Property/business owners meetings
  - Public open houses/meetings
  - Construction tours
  - Neighborhood updates
  - Social media/website/media
  - Weekly construction updates
  - Signage
Typical LRT Construction Sequencing

Utilities
- Excavation
- Relocation / installation

Site Prep
- Clear buildings
- Establish work zones, detours

Structures, Track, Stations
- Track beds
- Track
- Buildings
- Roadwork
- Trails

Systems
- Overhead catenary
- Safety & security
- Ticket vending

Testing
- Safety
- Communications
- Operator training

New Tools

- Construction cameras
- Construction tours
- Social media
- Mobile-friendly web tool
Construction Communications

• Signage
  ▪ Project sponsorship boards
  ▪ Detours
  ▪ Variable message signs
Construction Web Tool Overview

CONSTRUCTION

Heavy construction on the proposed METRO Green Line Extension (Southwest LRT) Project is anticipated to begin in 2017. Utility relocation and preparation work would occur in some areas before the start of heavy construction.

Construction Activity Updates
Construction of the METRO Green Line Extension (Southwest LRT) will begin in 2017. Pre-construction prep work and utility relocation will occur in some areas before the start of heavy construction. The Metropolitan Council will provide information on construction activities on this website, through the project newsletter, and by email – subscribe to our email list to receive updates. For information about construction impacts, contact the Community Outreach Coordinator for your area.

Construction Management Staffing
The Metropolitan Council will hire 80 construction management professionals to supervise construction of the METRO Green Line Extension. Available positions will include engineers, construction managers, contract administrators, inspectors, and other professional staff. Learn more about construction management staffing opportunities.
Construction Web Tool Overview

- Identifies location and impacts of construction activities
- Classifies into 3 types of alerts
  - Green square = Construction activity in the area, no impact to travel or access
  - Yellow triangle = Partial closure
  - Red dot = Full closure
SWLRT CONSTRUCTION ALERTS
Metro Green Line Extension - Eden Prairie to Downtown Minneapolis

SouthWest Station
Activity Only 11/21/2016 - 1/2/2017
Construction at SouthWest Station
Bus access maintained, follow signs to bus station area

SouthWest Station west driveway from Technology Drive
Full Closure 11/21/2016 - 1/2/2017
Construction at SouthWest Station
Driveway closed; follow detour to east driveway

Prairie Center Drive south of Technology Drive
Partial Closure 11/21/2016 - 3/21/2017
Construction on Prairie Center Drive south of Technology Drive watch for lane closures; access maintained
Southbound right lane closed

Prairie Center Drive north of Singletree Drive
Partial Closure 11/21/2016 - 3/21/2017
Construction on Prairie Center Drive south of Technology Drive watch for lane closures; access maintained
Center lane closures
Mobile Friendly Web Tool
Next Steps

Q1 2017
- Present construction outreach/communications plan to advisory committees and city councils
- Test tool with focus group, modify per feedback
- Launch construction outreach campaign
- Initiate sign up campaign #1

Q2 2017
- Host community construction open houses
- Web-tools goes “live” 2 weeks prior to utility construction start

Q3 2017
- Initiate sign up campaign #2
Construction Outreach & Communications

Design/Engineering

Construction

Opening Day of LRT Service

CAC
BAC
TPAC
CSC

Communications Steering committee
Construction Information Workgroups

Opening Day Committee
Construction Outreach & Communications

• Communications Steering Committee (CSC)
  - Membership: city, county, MnDOT, Met Council, watershed/park district staff
  - Role/function: Cross-promote construction information through multi-platforms
  - SPO role/function: Chairs/provides staff support
Construction Outreach & Communications

• Construction Information Workgroups (CIWs)
  ▪ Membership: CAC/BAC members, community/neighborhood groups, city staff
  ▪ Role/function: ensure construction communications are being coordinated/shared in a timely and user-friendly manner; assist SPO in evaluating construction outreach and communication efforts
  ▪ SPO role/function: Convenes/provides staff support
Next Steps
Business Advisory Committee

• Moving forward:
  ▪ CIW: Focus on construction impacts/communications
  ▪ Meet 1-2 times a year to check-in on construction
  ▪ SPO staff to work closely with Chambers of Commerce
  ▪ SPO staff can share project updates via email

• Members interested in CIWs are encouraged to contact outreach coordinator
